FACILITY & COMPLIANCE APPROVAL DETAILS

Approved By: test-user

Approval Date: Jan 16, 2026

CERTIFICATION: This is to certify that the above-named exporter has successfully met all requirements established by the Ethiopian Coffee and Tea Authority for coffee export competence, including:

- Possession of ECTA-certified laboratory facilities with appropriate equipment and quality control systems
- Employment of qualified coffee taster(s) holding valid ECTA proficiency certificates
- Adequate storage capacity and compliance with quality management system standards
- Successful facility inspection and verification of operational readiness

This certificate authorizes the holder to engage in coffee export activities in accordance with ECTA regulations and Ethiopian export laws.

COMPLIANCE & BEST PRACTICES REQUIREMENTS:

- Maintain laboratory equipment calibration and certification
- Ensure coffee tasters undergo annual proficiency testing
- Implement traceability systems for all coffee batches
- Maintain proper storage conditions (temperature, humidity control)
- Conduct regular quality control testing per ECTA standards
- Keep accurate records of all coffee purchases and sales
- Comply with Ethiopian coffee grading and classification standards
- Report any changes in laboratory or taster status to ECTA
- Renew certificate before expiry date
- Adhere to international coffee quality and safety standards

VALIDITY PERIOD: January 16, 2026 to January 16, 2027
